

## WSS School Land Trust | 2018-2019 PLAN

**Goals:** Briefly describe the School LAND Trust Plan by explaining each goal the council has identified. Plans should be research based. If your school has more than five goals, you will need to describe additional goals within the fifth goal.

**GOAL #1** Provide more differentiated/individualized instruction in all classes, but particularly in classes that rely heavily on small group activities, discussion, projects, and labs.

### Academic Areas:

Mathematics

Science

Foreign Language

Writing

Social Studies

**Measurements:** Identify the specific measurement(s) you will use to determine if you are making progress towards the goal. Include the baseline and completed measurement.

Teacher-to-student ratio of 1:20 on average in all target academic areas. Successful differentiated learning in Mathematics courses as measured by meeting a target of 75% proficiency on state-mandated assessments. Successful differentiated learning in Foreign Language classes as measured by detailed report of leveled learning progress for students enrolled in Spanish classes.

### Action Plan Steps

Retain and hire effective teachers' assistants as needed and available, and purchase online courseware to facilitate blended learning and individualized learning within the classroom.
